(That's all 12 keys!)

"Why is this important?"

Every Jazz song you ever play will use this major ii-V-I progression. You'll encounter the ii-V-I in all 12 keys, every time you play Jazz piano.

So by learning the major ii-V-I first through all 12 keys, you'll be ready to play any Jazz song. You'll find it much easier to play new songs from your real book because you've already memorized the ii-V-I in your left hand through all 12 keys.
